The Buchan Heritage Society runs this competition annually to inspire children, young adults and adults alike to explore, understand and use the Doric dialect. We hope it stimulates the use of spoken and written Doric, enriching vocabulary along the way. Whether you choose to write poetry or prose or both we hope you have fun in the process and perhaps also breathe new life into some of the rare, forgotten treasures the Doric has to offer. The Society welcomes writing on contemporary as well as traditional themes.

We are now accepting entries for the 2019/2020 competition.

CLOSING DATE 31st March 2020
